

Fleischmann's Yeast for Health

To the Women of America—

There is a new boon to womanhood—a priceless gift of science . . . a nature force that restores their beauty and charm. It is Fleischmann's Yeast.

Millions of women are becoming more beautiful every day. When next you see a gorgeous complexion, find out if Fleischmann's Yeast did it. Physicians are responsible for the new use of yeast. They realized the tremendous health value of Fleischmann's Yeast when they realized the wondrous value of the Vitamines. Because Fleischmann's Yeast is rich in Vitamines. Send for book "Yeast for Health."

Why will women see their beauty slowly fade? Why do they think they are predestined to a withered old age when they reach the thirties?

Why will they load the pores of their complexion with noxious drugs or powders and hasten the day of their final desolation—when they have lost their vibrant appeal—and they are irremediably old?

Women—there is a new and powerful factor for your beautiful beauty and happiness—you can now maintain your youthful fascination and physical loveliness almost indefinitely.

Fleischmann's Yeast will do it for you—is doing it for millions of charming women throughout the land.

Great beauties of the stage and more real virtues in a simple cake of Fleischmann's Yeast than in treatments and cosmetics that cost fortunes.

Vital Values of Vitamines

How did physicians discover the wonderful value of Fleischmann's Yeast?

Simple enough—intense research and investigation to alleviate the ills of humanity.

A famous group of scientists first established the value of the Vitamines. Here was an element of curious elusiveness. Rare in most foods—plentiful in Fleischmann's Yeast. The Vitamines were found to balance almost any reasonable diet—to send health and energy pulsating, tingling and sparkling through the veins of young and old.

Fleischmann's Yeast Rich in Vitamines

Vitamines or the rare foods containing Vitamines created a gorgeous complexion, cleared away sallowness and wrinkles—returned the "peach bloom" of youth to cheeks that were all but withered with age.

Fleischmann's Yeast did all that Vitamines will do . . . these learned men found, because Fleisch-

mann's Yeast was rich in one of the Vitamines—water soluble Vitamine "B." Testing it in every imaginable way, scientists discovered its almost miraculous effect on the complexion. Fleischmann's Yeast made over complexions all but ruined. The world was on the threshold of a new empire . . . the empire of beautiful women . . . and yeast is the cause. Fleischmann's Yeast also created healthy growth in the young and affected beneficially a number of ailments as described in the book "Yeast for Health."

Yeast for Beauty

Fleischmann's Yeast is easy to take . . . its creamy "frothy" taste blends with fruit juices or milk, or you can take it in the cake or mixed in water. Three cakes of Fleischmann's Yeast a day taken before meals is the proper amount for health and beauty for adults . . . less quantities for children . . . the book, "Yeast for Health," tells the whole story.

For the Complexion

Stage stars . . . famous beauties . . . and women who want to retain their vivacity and charm make a "moderately thick paste of Fleischmann's Yeast with their favorite lotion and apply it generously before retiring at night over the face and neck. They wash it off in the morning with several rinsings of clear, cold water. This treatment will make the complexion soft, clear and gorgeously beautiful.

Send for Book "Yeast for Health"

I was fortunate in learning of the value of yeast as a general conditioner of the system and an effective complexion cleanser some time ago. I have used it for several years now and find it wonderfully efficacious. Positively I would do without a lot of things, but Fleischmann's Yeast is now part of my daily regime. Signed,

Dorothy Dalton

Be sure that you ask your grocer for FLEISCHMANN'S Yeast in the familiar tin and package with the yellow label, the only Yeast with which these scientific experiments have been made.
